SKILLS

- **Languages:** python, Java, JavaScript, C, C++
- **Technologies:** HTML, CSS, Bootstrap, Node.js, React, Tailwind CSS, Express.js
- **Databases/Tools:** MySQL, MongoDB, Git, GitHub, Figma
- **Soft Skills:** Problem solving, Team collaboration, Time management, Adaptability

PROJECTS

Student Productivity and Mental Wellness Companion

- Developed a student-focused web application to help users manage daily tasks, study schedules, and productivity goals.
- Designed the user interface using HTML and CSS and implemented interactive features using JavaScript.
- Integrated basic database connectivity and APIs for storing and retrieving user data.
- Collaborated with team members during a hackathon to present the project solution.

Tech: HTML, CSS, JavaScript

Accident Detection and Alert System Device

- Built an Arduino-based accident detection system using GPS and GSM modules for location tracking and alert generation.
- Programmed the device in Arduino IDE to detect accident events and send emergency notifications.
- Integrated hardware components including Arduino, GPS, GSM, buzzer, and sensors for real-time monitoring.
- Tested and verified the system's functionality through multiple hardware trials.

Tech: Arduino, GPS, GSM, C++, Arduino IDE

NGO CYBERSECURITY AWARENESS PROJECT

- Contributed to cybersecurity awareness activities conducted through an NGO initiative.
- Researched common cyber threats such as phishing, online scams, password security, and social engineering attacks.
- Assisted in creating and sharing educational content to promote safe internet practices.
- Helped raise awareness about digital privacy and responsible online behavior among participants.

TRAINING

Lovely Professional University |

- ❑ Learned the basic concepts of Artificial Intelligence and Machine Learning.
- ❑ Studied AI applications and real-world use cases.
- ❑ Gained an understanding of data-driven decision-making and intelligent systems.

CERTIFICATES

- Hack-Adhaya
- Certificate in Anger Management course
- Certificate in Effective- Time Management

ACHIEVEMENTS

- ❑ Participated in a college-level Hackathon and collaborated in a team to develop an innovative project solution.
- ❑ Completed certification courses in Artificial Intelligence and Programming fundamentals.
- ❑ Built academic projects using Web Development and IoT technologies.
- ❑ Solved coding problems on online platforms to strengthen problem-solving skills.
- ❑ Actively participated in technical workshops and learning programs related to software development..

EDUCATION

- | | |
|--|---------------------------------|
| Lovely Professional University | Phagwara, Punjab |
| • Bachelor of Technology - Computer Science and Engineering; CGPA: 7.50 | Aug 2025 – 2 nd year |
| • Sanjay Public Inter College | Bareilly, Uttar Pradesh |
| • Higher Secondary Education; Percentage: 77% | May 2023 - Mar 2025 |
| • Sanjay Public Inter College | Bareilly, Uttar Pradesh |
| • Secondary Education; Percentage: 86.33% | Jun 2021 - Mar 2023 |
